(一)Be Careful When Crossing the Street!

Drivers May Not See You

1 Statistics how 60 percent of all traffic accidents occur at
2 intersections.

The big turning radius and major 3 blind spots of large vehicles
are problems that contribute to claiming many

4 precious lives every year.

The Ministry of Transportation and Communications is now urging
drivers 5 not only to not run **red lights** 6 but also to "slow
down, look and stop" and let 7 pedestrians cross at intersections.
The agency also hopes to 8 foster greater risk 9 awareness on city
streets. Motorbike riders, bicycle riders, and pedestrians, for
example, should avoid being next to, in front of or behind large
10 vehicles. Pedestrians should also avoid crossing streets when
there is not enough time left on the green pedestrian crossing
signal and be aware that drivers' **sight** may be blocked.
